# NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the six months ended 30 June 2011

## 1. BASIS OF PREPARATION

The Interim Financial Statements have been prepared in accordance with the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the Listing Rules) and with Hong Kong Accounting Standard 34 (“HKAS 34”), Interim Financial Reporting issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”).

## 2. PRINCIPAL ACCOUNTING POLICIES

The Interim Financial Statements have been prepared on the historical cost basis except for certain properties and financial instruments, which are measured at revalued amounts or fair values, as appropriate.

The accounting policies and methods of computation used in the Interim Financial Statements for the six months ended 30 June 2011 are the same as those followed in the preparation of the Group’s annual financial statements for the year ended 31 December 2010.

The Interim Financial Statements have not been audited by the Company’s auditors, but have been reviewed by the Company’s auditors and the audit committee.

### Application of new and revised Hong Kong Financial Reporting Standards (“HKFRSs”)

In the current interim period, the Group has applied the following new and revised standards, amendments and interpretations (“new and revised HKFRSs”) issued by the HKICPA.

HKFRSs (Amendments)	Improvements to HKFRSs issued in 2010 except for the amendments to HKFRS 3 (as revised in 2008), HKFRS 7, HKAS 1 and HKAS 28
HKAS 24 (Revised)	Related Party Disclosures
HKAS 32 (Amendments)	Classification of Rights Issues
HKFRS 1 (Amendments)	Limited Exemption from Comparative HKFRS 7 Disclosures for First-time Adopters
HK (IFRIC) – Int 14 (Amendments)	Prepayments of a Minimum Funding Requirement
HK (IFRIC) – Int 19	Extinguishing Financial Liabilities with Equity Instruments

HKAS 24 Related Party Disclosures (as revised in 2009) modifies the definition of a related party and simplifies disclosures for government-related entities. The disclosure exemptions introduced in HKAS 24 (as revised in 2009) do not affect the Group because the Group is not a government-related entity.

The amendments to HKAS 32 titled Classification of Rights Issues address the classification of certain rights issues denominated in a foreign currency as either an equity instrument or as a financial liability. To date, the Group has not entered into any arrangements that would fall within the scope of the amendments. However, if the Group does enter into any rights issues within the scope of the amendments in future accounting periods, the amendments to HKAS 32 will have an impact on the classification of those rights issues.

## 2. PRINCIPAL ACCOUNTING POLICIES (Continued)

### Application of new and revised Hong Kong Financial Reporting Standards (“HKFRSs”) (Continued)

The amendments to HK(IFRIC) – Int 14 require entities to recognise as an economic benefit any prepayment of minimum funding requirement contributions. As the Group has no defined benefit scheme, the amendments are unlikely to have any financial impact on the Group.

HK (IFRIC) – Int 19 provides guidance regarding the accounting for the extinguishment of a financial liability by the issue of equity instruments. To date, the Group has not entered into transactions of this nature. However, if the Group does enter into any such transaction in the future, HK (IFRIC) – Int 19 will affect the required accounting. In particular, under HK (IFRIC) – Int 19, equity instruments issued under such arrangements will be measured at their fair value, and any difference between the carrying amount of the financial liability extinguished and the fair value of equity instruments issued will be recognised in profit or loss.

### New and revised Standards and Interpretations issued but not yet effective

The Group has not early applied new or revised standard and interpretations that have been issued but are not yet effective. The following new or revised standards and interpretations have been issued after the date of the consolidated financial statements for the year ended 31 December 2010 were authorised for issuance and are not yet effective:

HKFRS 1 (Amendments)	Severe Hyperinflation and Removal of Fixed Dates for First-time Adopters <sup>1</sup>
HKFRS 7 (Amendments)	Disclosures – Transfers of Financial Assets <sup>1</sup>
HKFRS 9	Financial Instruments <sup>4</sup>
HKFRS 10	Consolidated Financial Statements <sup>4</sup>
HKFRS 11	Joint Arrangements <sup>4</sup>
HKFRS 12	Disclosures of Interests in Other Entities <sup>4</sup>
HKFRS 13	Fair Value Measurement <sup>4</sup>
HKAS 1	Presentation of Items of Other Comprehensive Income <sup>3</sup>
HKAS 12 (Amendments)	Deferred Tax : Recovery of Underlying Assets <sup>2</sup>
HKAS 19 (as revised in 2011)	Employee Benefits <sup>4</sup>
HKAS 27 (as revised in 2011)	Separate Financial Statements <sup>4</sup>
HKAS 28 (as revised in 2011)	Investments in Associates and Joint Ventures <sup>4</sup>

<sup>1</sup> Effective for annual periods beginning on or after 1 July 2011

<sup>2</sup> Effective for annual periods beginning on or after 1 January 2012

<sup>3</sup> Effective for annual periods beginning on or after 1 July 2012

<sup>4</sup> Effective for annual periods beginning on or after 1 January 2013

HKFRS 9 Financial Instruments issued in November 2009 and amended in December 2010 introduces new requirements for the classification and measurement of financial assets and financial liabilities and for derecognition.

- HKFRS 9 requires all recognised financial assets that are within the scope of HKAS 39 Financial Instruments: Recognition and Measurement to be subsequently measured at amortised cost or fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost at the end of subsequent accounting periods. All other debt investments and equity investments are measured at their fair values at the end of subsequent accounting periods.

## 2. PRINCIPAL ACCOUNTING POLICIES (Continued)

### New and revised Standards and Interpretations issued but not yet effective (Continued)

- The most significant effect of HKFRS 9 regarding the classification and measurement of financial liabilities relates to the accounting for changes in fair value of a financial liability (designated as at fair value through profit or loss) attributable to changes in the credit risk of that liability. Specifically, under HKFRS 9, for financial liabilities that are designated as a fair value through profit and loss, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability's credit risk in the comprehensive income to a financial liability's credit risk are not subsequently reclassified to profit or loss. Previously, under HKAS 39, the entire amount of the change in the fair value of the financial liability designated as at fair value through profit or loss was recognised in profit or loss.

HKFRS 9 is effective for annual periods beginning on or after 1 January 2013, with earlier application permitted.

The Directors anticipate that HKFRS 9 will be adopted in the Group's consolidated financial statements for the annual period beginning 1 January 2013 and that the application of the new standard will have a significant impact on amounts reported in respect of the Groups' financial assets and financial liabilities. However, it is not practicable to provide a reasonable estimate of that effect until a detailed review has been completed.

HKFRS 10 replaces the parts of HKAS 27 Consolidated and Separate Financial Statements that deal with consolidated financial statements. Under HKFRS 10, there is only one basis for consolidation, that is control. In addition, HKFRS 10 includes a new definition of control that contains three elements: (a) power over an investee, (b) exposure, or rights, to variable returns from its involvement with the investee, and (c) ability to use its power over the investee to affect the amount of the investor's returns. Extensive guidance has been added in HKFRS 10 to deal with complex scenarios. Overall, the application of HKFRS 10 requires a lot of judgments. The application of HKFRS 10 might result in the Group no longer consolidating some of its investees, and consolidating investees that were not previously consolidated.

The Directors of the Company anticipate that the application of the other new or revised standards, amendments and interpretations will have no material impact on the results and the financial position of the Group.

#### 4. SEGMENT INFORMATION

During the six months ended 30 June 2011 and 2010 respectively, the Group's revenue were mainly derived from the interest income and dividend income from investments. The weighted average number of ordinary shares for the purpose of basic earnings per share has been adjusted for the consolidation of shares and the open offer on 15 February 2011 and 14 March 2011 respectively. The diluted earnings per share is not presented because there were no potential dilutive shares during both six months ended 30 June 2011 and 2010.

## 18. COMPARATIVE FIGURES

Certain comparative figures have been reclassified to conform to current period's presentation.

## **MANAGEMENT DISCUSSION AND ANALYSIS**

During the six months ended 30 June 2011, the Group reported a profit of approximately HK\$2.2 million (six months ended 30 June 2010: a loss of approximately HK\$1.6 million). The increase in profit was mainly attributed to the realized gain on disposal of financial assets designated as held for trading and the receipt of dividend income from the investment in available-for-sale financial assets.

### **Liquidity and Financial Resources**

As at 30 June 2011, the Group had cash and cash equivalents of approximately HK\$117.7 million (31 December, 2010: HK\$41.6 million). The increase in cash and cash equivalents was mainly due to the capital exercises made during the period, which raised the net cash proceeds of approximately HK\$93 millions. Cash and cash equivalents represented approximately 49% of the Group's total assets as at 30 June 2011.

The Group's gearing ratio, which was defined as the ratio of total borrowings to shareholders' equity was not applicable as the Group did not have any bank loans or borrowing as at 30 June 2011 and 31 December 2010 respectively.

It is the Group's policy to adopt a prudent financial management strategy to meet risk fluctuation and investment opportunities.

### **Prospect**

The global investment market continues to concern over the serious European debt crisis and weakened economies. The future market development will likely depend on upcoming stimulants and interventions by the European Central Banks. Further hammering the global market was the abrupt downgrade on US government credit rating from AAA to AA+ that alerted worries over the US economy. Market risk aversion is likely to grow fueling bigger market uncertainty and volatility. Due to the uncertainties in the developed markets, Chinese Government may be less hawkish to further tighten the current macro policy in the near term. The Directors have been in favor of cautiously defensive measure and prudent analysis to approach and manage the portfolio of investments of the Group.
